

Identicom 8 and 9 Series

SafeTCard puts you back in CONTROL of your Personal Safety....

If you or someone you love is affected by family, domestic violence, now you can rest assured they will be in the caring hands of SafeTCard protection via GPS location and instant Live Audio. We supply to 1000's of high risk workers now you can take advantage of this award winning device for your own personal safety.

Reliable direct access to Emergency Services as quickly and efficiently as possible.

100% verified Audio Emergency Duress giving police Instant Verified Alarm, reducing time of response from police and Emergency Services and increasing police resources by not congesting them with false alarms. Enhancing your existing Safety Policy and giving you the fastest response available.

Prevention is better than a cure but if you have experienced violence, the SafeTCard will restore your hope, giving you instant response with the only Australian BSA approved Domestic Violence Duress Alarm.

How SafeTCard works

- Instant Red Alert Alarm
- Grab Alarm (Just rip lanyard and create an alarm)
- Automatic Person Down Alarm (If you lay on the floor or tackled to the ground)
- GPS Location (to give quick & accurate response by Emergency Services)
- Bread Crumb Tracking (to locate device if you have moved from alarm location)
- Audio Calls
- Instant SMS Message to advise where you are
- Capture Verbal Abuse (recorded for later prosecution)
- Allows Discreet Activation and 24/7 Monitoring
- Amber Alert (giving you peace of mind in or out of the home)

The audio is streamed live to the monitoring station via an extremely sensitive microphone, where the experienced handlers will take appropriate and immediate action on your behalf. The SafeTCard will pulse when activated a Heart Beat Vibration to give the wearer comfort that the signal has gone through and the monitoring station is listening and emergency procedures activated.

The SafeTCard has given all our clients comfort that they are being believed firstly and that immediate response is there should the card be activated.

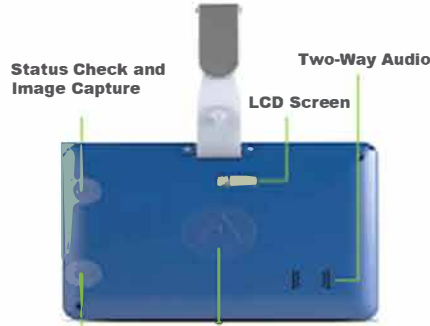

Now you are never alone.... You in the caring hands of SafeTCard

SafeTCard the most widely used Domestic Violence Emergency Duress System puts you back in control. SafeTCard are saving lives every day and restoring hope to those impacted by domestic violence or sexual abuse. Now you're back in control....

Multi-Function buttons to make audio calls to pre-nominated contact numbers.
